

2022 AHFE International

Call for Papers

International Conference on
Applied Human Factors
and Ergonomics

jointly with

- Global Issues: Human Factors in Disease Control and Pandemic Prevention
- Human-Centred Aerospace Systems and Sustainability Applications
- Creativity, Innovation and Entrepreneurship
- Industrial Cognitive Ergonomics and Engineering Psychology
- Human Factors for Apparel and Textile Engineering
- Human Factors in Artificial Intelligence and Social Computing
- Kansei Engineering
- Additive Manufacturing, Modeling Systems and 3D Prototyping
- Advanced Production Management and Process Control
- Interdisciplinary Practice in Industrial Design
- Human Factors in Aging and Special Needs
- Human Factors and Assistive Technology
- Human Factors and Wearable Technologies
- Human Error, Reliability, Resilience, and Performance
- Human Factors in Communication of Design
- Virtual Environments and Game Design
- Design for Inclusion
- Cognitive Computing and Internet of Things
- Human Factors and Simulation
- Human Factors in Management and Leadership
- Human Factors in Cybersecurity
- Human Factors and Systems Interaction
- Human Factors in Robots, Drones and Unmanned Systems
- Human Factors in Sports, Injury Prevention and Outdoor Recreation
- Human Factors, Business Management and Society
- Human Factors in Energy
- Human Factors in Training, Education, and Learning Sciences
- The Human Side of Service Engineering
- Human Factors, Software and Systems Engineering
- Architecture, Sustainable Urban Planning and Infrastructure
- Safety Management and Human Factors
- Affective and Pleasurable Design
- Human Factors in Transportation
- Ergonomics in Design
- Cross-Cultural Decision Making
- Human Factors and Ergonomics in Healthcare and Medical Devices
- Digital Human Modeling and Applied Optimization
- Physical Ergonomics and Human Factors
- Usability & User Experience
- Neuroergonomics and Cognitive Engineering
- Social & Occupational Ergonomics
- The Human Aspects of Advanced Manufacturing:
Managing Enterprise of the Future

July 24-28, 2022

New York, USA

AHFE International

INVITATION TO AHFE 2022

You are cordially invited to participate in the International Conference on Applied Human Factors and Ergonomics (AHFE 2022) New York, USA, July 24-28, 2022. All distinguished Conferences held are maintained jointly under one management and one registration. The conference objective is to provide an international forum for the dissemination and exchange of scientific information on theoretical, generic, and applied areas of human factors and ergonomics.

These objectives will be accomplished through the following six modes of communication: keynote presentation, parallel sessions, demonstration and poster sessions, tutorials, exhibitions, and meetings of special interest groups. The five-day conference will start with tutorials. The tutorials will be held on July 24-25 2022. Tutorials will be offered at introductory, intermediate, and advanced levels covering the entire spectrum of the conference

All submitted abstracts will be peer-reviewed by three independent referees from the international program boards. Papers in the theoretical category should deal with models, concepts, and structures; papers in the generic category should present research results of broad applicability; papers in the applied category should show how the demands of particular application areas shape the way generic research is translated into practical innovation.

PROPOSALS FOR PARTICIPATION

Parallel Presentations. An abstract of about 500 words should be submitted through our website (www.ahfe.org) and include a statement of the objective and significance of the proposed presentation, description of methods, and discussion of results.

Tutorials. An abstract of 300 words should state the objective, content, target audience, a bio-sketch about the presenter(s) and A/V requirements. Please submit the abstract through the AHFE2022 website.

Poster/Demonstration Sessions. An abstract of 300 words should be submitted through the website and should include the essence of the planned presentation. Equipment needed for demonstration is the responsibility of the author.

EXHIBITS

Exhibits provide state-of-the-art products, systems and services for the users, professionals, and researchers in the AHFE field. Organizations interested in exhibiting or advertising in the Final Program should contact the Conference Communication and Exhibits Chair: exhibits@ahfe.org

CONFERENCE CONTACT

SUMMARY OF SUBMISSION REQUIREMENTS & DEADLINES

	Abstract Length	Deadline for Abstract Receipt	Notification of Review Outcome	Deadline for Receipt of Accepted Papers
Paper presentations*	500 words	1 December 2021	After 1 December 2021	1 February 2022
Posters/demonstrations	300 words	1 February 2022	**	1 February 2022
Special interest groups*	500 words	1 February 2022	**	1 February 2022
Tutorials	300 words	1 December 2021	**	not applicable

All submissions should be done through our website: www.ahfe.org

To provide a greater opportunity for more people to present at the Conference, each accepted paper should have a different conference registrant. However, co-authors may appear on multiple papers. For written cancellations received on or before January 1, 2022, 90% of the registration cost will be refunded (including conference registration, tutorial fees, and reception dinner). 50% of the registration cost will be refunded if a written cancellation is received between January 2, - February 1, 2022. No refunds will be made for cancellations received after February 2, 2022.

All cancellations must be submitted to the Conference Administrator at registration@ahfe.org

* If your submission was invited by a particular Session Chair, please mark as such and include their name when submitting.

** Since frequently the intent of posters is to convey late-breaking scientific news and work in progress, they will be promptly peer reviewed as they are received.
